

Concessions Contract

As part of the responsibility of your child's participation in Athletics, a parent/guardian is responsible for volunteer hours during the season. Failure to show up for your scheduled commitment will result in your child having to sit for a game. Please read, complete, and sign the contract below. All volunteer hours accumulated will be used towards any volunteer hours required at your school.

I understand that if I do not show up for my complete volunteer duty, that my child will be required to sit for the next game. I understand that the volunteer schedule will be made by the Athletic Director, and it is my responsibility to make my scheduled date. Coaches will be notified of nonparticipation eligibility. I understand that my child must still attend the game in uniform and sit on the bench with his/her teammates. Absence from the game is not considered sitting out a game.

If you are unable to work your shift, you must find your own substitute. If you have not volunteered for any home events by the end of the season, your child will be benched for the final game of the year.
